

S.NO	Person ID	Problem	App/Website Found	Likes	Dislikes	Improvements	Age	Gender	Education/ Occupation
1	Manasa	Login Issues	TD Bank	Extremely secure and safe.	To log in, you must have both Face-ID and a password for this app. As a result, this requires more time to login.	There can be two login methods - either Face ID or password, but it should allow the user to use either of them.	22	Female	Software Employee
2	Ruchika	Issues with Money transfers	Zelle	None	The receiver's account typically takes longer to reflect a transaction made to a valid phone number.	Accelerating the time taken to complete a successful transaction is necessary.	28	Female	Student
3	Thanvi	Inter-linking Threads with Instagram	Threads	Quick way to create and share content.	Unless Instagram is deleted, users cannot permanently delete their threads account.	Permanent deletion of either of the apps must not depend on each other.	34	Female	Programmer Analyst
4	Vijay	Privacy Issue	No app found	None	Privacy issues arise due to the absence of app lock on iPhone.	There should be an app lock feature on iPhone.	24	Male	Developer
5	Sam	Privacy Issue	Telegram	Rich messaging features.	Telegram does not prohibit illegal activities. (For example, pirated content)	Telegram must ensure that all illegal activities on their platform are blocked.	25	Male	Student
